Frequently Asked Questions Commissions

(Q) When will commission be paid to the Agent?

(A) Commissions are released the day after the annuity is approved to be issued unless the Contract is \$350,000 or more. If the Contract is \$350,000 or more, commissions will be held until the Delivery Receipt is received.

(Q) Is there a limit to the amount of commission paid at issue?

(A) Not for contracts with a purchase premium of \$1,000,000 or less. If purchase premium is more than \$1,000,000, there may be alternate arrangements made that are agreed upon during the large case approval process.

(Q) Are the commissions based on the agent of the owner or annuitant?

(A) Commissions are based on the Owner's age. If there are Joint Owners, it is based on the older of the two. In the case of a non-natural Owner, commissions are based on the Annuitant's age or oldest Annuitant if there are Joint Annuitants

(Q) Is there ever a chargeback of commissions?

(A) Yes as follows:

Owner's Death

- If the owner's issue age is under 80, there is no charge back at death.

- If the owner's issue age is 80 or older, 50% will be charged back if the death occurs in the first Contract Year.

Withdrawals and Surrenders:

- Commissions will be charged back if a Contract is surrendered or partially surrendered within the first year. The charge back is pro-rated based on the portion of the premium that is surrendered.

(Q) Is there a commission chargeback on change of ownership?

(A) If the ownership is changed in the first year and it changes the tier of the commission payment, a chargeback will occur and commissions will be re-paid based on the new owner's age.
